

THE Gleichen Call

SIXTEENTH YEAR NO. 45

GLEICHEN, ALBERTA, WEDNESDAY, JANUARY, 31, 1923

Subscription \$2.00 a Year

ANNUAL TOWN COUNCIL AND SCHOOL BOARD MEETINGS

The annual meeting of the electors of the town of Gleichen was held in the G.W.V.A. Hall on Thursday last at 8 p.m., with Mayor Hyndman, Councilors McKay, Brown, Michael, Parcell and Hall and about fifty citizens in attendance.

Mayor Hyndman and the other members of the council spoke of the work done for the change in date of the annual meeting and elections.

J. E. Ostrander and Dr. Farquharson's motion was carried that a minute of thanks be passed to the members of municipal staff for their services from Jan. 4th, 1922, to be adopted as read.

Councillor Hall submitted the financial report of the Police Department.

Mr. Hall said the police revenue had been four thousand dollars the year and in every case the water supply had been adequate and proved the value of the system in preventing loss of valuable buildings.

He spoke of the work done on the municipal road to prevent dumping on the roadway and top of the hill and asked for the cooperation of the public in this. The citizens in seeing that the regulations were adhered to. Questions were invited but none asked.

Miss Mathews moved the adoption of the report.

Councillor Hall submitted the Power House report. A new generator, blowers, water tanks and other revenue had been installed. Although these involved capital expenditures, the whole cost had been borne by current revenue.

He spoke of the fact that the citizens had been little benefited by any large expenditure being required during 1922. No questions were asked and Miss Mathews, J. H. Wright and E. W. Taylor moved the adoption of the report.

Councillor Hall informed in substance the financial report of the Fire Department which showed that the total amount of losses had been reduced substantially and the assets increased by the permanence improvements made during the year. There were very many transactions outstanding in former years that were all collectable and the general financial condition of the town was in good shape.

Dr. Farquharson and Miss Mathews moved the adoption of this report.

Seretary Peter MacLean read the Health Officer's Report. The inspection of the public places of assembly showed a willingness to comply with orders issued by the sanitary inspector and the Provincial Inspector's report was very satisfactory.

Mathews, McCorckle and Michael moved the adoption of this report.

The Mayor then spoke of the plans for 1923.

It was the general opinion of the business men in the town that the strikenet economy should be prosecuted. No new work would be undertaken and repeat work would mean nothing in the way of economy.

During the past year there had been very little criticism of the work of the Council, but what there had been was well deserved. Much had been made if there had been any attempt to ascertain facts before offering criticism.

An attempt had been made to have the town hall built on a public park established. There had been difficulty in finding a suitable place.

The Board of Trade was part of the Public Works Committee and it was proposed to build up the lot this year and put the soil in shape for planting the following year.

Chairman of the P.W.C. had looked over the lots and thought the location very favorable for the growing of trees.

Mr. Mathews spoke of the petition from the business men asking Mr. Hyndman to reconsider his decision to resign as mayor. He offered on behalf of the business men their appreciation of the services of Mr. Hyndman.

He spoke of the support and co-operation during the year.

He also spoke of the probable reversal of the agricultural depression.

Mr. Mathews spoke of the growth of the town and the increase in the community of assets worth \$4,000. He asked that a committee of 10 be appointed to confer with the Agricultural Bank to see if they could take care of the future payments until such time as the grounds could be handed over to the bank.

On motion of the committee it was appointed: J. E. McCorkle, J. E. Ostrander, W. B. Brown, R. McQueen, W. P. Pinder, Chris Bartsch, J. O. Bogart, E. W. Taylor, J. H.

CHAS. H. SUFFEL PASSES AWAY

Wright and Geo. Matthews convened Messrs. Geo. Matthews and Harry Carrick moved the adjournment of the town meeting.

A memorial service was opened at 2:30 p.m. Chairman Farquharson invited Mrs. Yates and E. W. Taylor.

That the minutes of the previous annual meeting be adopted as read was moved by L. Michael and seconded by E. W. Taylor.

The financial statement was submitted showing that all salaries and debentures had been taken care of during the year. That the financial statement be adopted as read.

Mr. E. W. Taylor submitted the trustees report on the operation of the school and school activities, particularly along fire prevention and safety lines. The chimney had been repaired and escape doors provided in the school.

The inspector's reports were read by the secretary and showed that the school was in good condition and the work of the staff and students was commendable.

Upon a motion of Messrs. P. J. and E. W. Taylor the inspector's report was adopted.

The chairman spoke of the very satisfactory report and stated that it was possible for all the schools to be dispensed with. On inquiry he said that the school was in good condition.

McCorckle, McFarlane, McRae and others of the school board were present.

Mr. Mathews was present and the vote of thanks was tendered the trustees.

The school board spoke on behalf of the board of trade and explained what they were endeavoring to create an interest in municipal elections.

On motion of Messrs. P. J. and E. W. Taylor the resolution was adopted that the F. Ferguson be asked to ascertain before the election if Mr. Johnston can give any assurance of being able to attend the school meeting.

Mr. Mathews and R. W. Brown moved the adjournment.

Next Friday night at 7:30 there will be a public skating rink on the Gleichen rink between the Gleichen Jutin and the local Boy Scouts. It is your duty to help the local rink to get out the best possible show.

The last match between the local team resulted in a score of 4-3 in favor of the local team.

At the grave the service was in charge of Perfecton Lodge A. F. & A. M., while the beautiful band of the local band and the harmonium quartet impressively rendered by Bruce Allen and McCracken.

The matronette of the rink rendering with deep feeling the patriotic hymn.

The pall bearers were Messrs. McElroy, Milton McElroy, Ward McElroy, W. J. McElroy, Ward G. E. McElroy and W. S. Timmins, cousin of the deceased.

The band of Perfecton were numerous and the band of the Gleichen Lodge of Oddfellows, the girls' choir and Mr. Stoffel and son Charlie in their bereavement fitting expression of this was voiced by the Rev. Mr. F. Atte, of the Methodist church who served him in the Union Church last Sunday evening.

The deepest sympathy was expressed by Mr. Mathews and his son Charlie in their bereavement.

The band of Perfecton were numerous and the band of the Gleichen Lodge of Oddfellows, the girls' choir and Mr. Stoffel and son Charlie in their bereavement fitting expression of this was voiced by the Rev. Mr. F. Atte, of the Methodist church who served him in the Union Church last Sunday evening.

The line up was as follows:

Bassoon — Goal — Gleichen

Piano — Goal — Scott

E. W. Moody — Defense — E. W. Riley

R. Ferguson — Centre — Wilson

McKay — Forward — McLoughlin

W. G. Moore — Forward — Keating

W. J. Wright — Forward — Wright

W. James — Spare — Walters

Referee T. C. Allen.

Last night our ever-enterprising eastern neighbors sent up a team

and the result was a tie game.

One of our fast men on the rink Cluny put up so fast a game during the first two periods that they kept the fast pace.

What can we say?

The statement of the visitors that they had only had one practice game

which was not fast.

Then, what may we say?

It is to be noted that in a

collision between Si McKay and McEwan of Cluny, in which it seemed Si got the worst of a nasty fall, the latter was assisted to his feet and on examination by Dr. Farquharson was found to have a solar bone broken.

Latest reports are that McEwan is im-

proving quite favorably.

ARROWWOOD BRIEFS

Judging from all comments heard following the play, "The Pill Battle," as put on at the local church the evening of the 27th, was something for which the community had been waiting.

Mr. Suffel, who had been ailing for nearly a week, was removed to the General Hospital at Calgary, where the event of his passing preceded death, but no one anticipated that his sickness was of so serious a nature.

After the best medical attention and nursing given, he died in the early hours of Saturday afternoon.

The main character, "Barbara" was played by Mrs. E. A. Carter.

Just before the last scene Mr. Brumaker spoke a few words explaining the situation in Arrowwood, and told of how the people there are working hard under the conditions.

After the play was finished the offerings were passed and slightly over thirty-six dollars were collected.

On Saturday morning Mr. Suffel arrived in time to go forward supporting Prof. Hollenberg in this church, who is now upon the scene to take charge.

He has been quite ill and the audience will have been considerably larger if there had been less sickness in the town than was there from school in Calgary to spend the weekend in "The Pill Battle".

Don Beagle, who spent some six weeks in England, following an operation for pleural pleurisy, arrived back last Friday.

Rev. Marr, of the Canadian Bible Society, will give a lecture at the Gleichen Hall on Sunday, Feb. 12th.

Mr. and Mrs. John Paul, recently returned after a month's absence in the work of the society, will speak on the work of the society, at the Gleichen Hall on Sunday, Feb. 12th.

Gaylan Jones was a Calgary visitor last week.

He is here to stay for a week.

"I Had Billious Attacks and Stomach Weakness"

Ms. Wm. Robinson, Yorker, Sask., writes:

"I suffered from stomach and liver trouble, and used to have billious attacks and stomach weakness. I did nothing for weeks at a time. My stomach would be so weak that not even a drink of water could be taken without causing me great distress. At first I followed Dr. Chase's Kidney-Liver Pills, and must say that they have made me feel like a new woman."

DR. CHASE'S KIDNEY-LIVER PILLS

One pill a dose, 25 Cents a box, all dealers, or Edmonson, Bates & Co., Ltd., Toronto.

Stop The Suffering And Loss

Statistics appealing to official government reports do not, as a rule, make very interesting reading. They are, however, extremely instructive, but because they constitute what is termed "dry" reading, people are loath to trouble to read them, and when they are read, they are apt to be set aside. The reason for this is that their publication cost a lot of money. Even if people generally do not read and study the statistics and figures presented, the money is not lost nor wasted because such information largely influences those whom governments and other public bodies formulate policies and acts.

A few days ago the annual report of the director of health of the Province of Saskatchewan for the year 1921 was made public, and, amazingly, it contains no statistics. The situation is not materially different, the information therein set forth, and the conclusions to be drawn therefrom, may be considered as applicable to large numbers in all these provinces.

According to the report, 62,000 deaths occurred in the Province of Saskatchewan in 1921, less than one-half that of 1920.

In the preceding year, there was a gratifying fact. These were other facts noted in connection with life mortality record which are not gratifying, nor to the credit of the people of an enlightened country. For had death statistics been available, it would have been known that it is safe to say that, if proper care had been taken, and reasonable care taken following birth, the vast majority of these little ones could have been saved.

The death rate in 1921 was 15.6 per 1,000, as compared with 15.9 in 1920. This figure, however, was less than one-half that of 1920 when 32,000 deaths from tuberculosis were reported.

Here, then, is another most gratifying fact. It proves that the personal cleanliness which was urged by the World Health Organization, and which includes the right to the statement that it is possible to stamp out his dead disease, just as yellow fever and smallpox have practically been removed from the list of diseases which threaten man.

Another feature of the report is not so encouraging. It records an increase of nearly per cent. in the number of deaths from cancer. The fact is also noted that the death rate from cancer is steadily rising, the rate being only 1.2 per 1,000 in 1911, and 1.8 per 1,000 in 1921, more than double.

Deaths from communicable diseases in 1921 included 45, or less than 15 per cent. of the total. In 1920, there were 50, or more than 15 per cent.

In this, while it certainly good news, but before Saskatchewan bears in this regard, it should give earnest consideration to the further statement in the report that the number of deaths from scarlet fever and diphtheria was much higher in 1920 than in preceding years, and that the evidence of the Province in this direction is that the number of deaths increased no less than one and three-quarter millions of dollars. Yet we find people, including legislators and municipal councillors, criticizing and opposing grants for public health, and prevention services, hospital funds, and hospitalizing services.

People complain of the lack of medical knowledge, of the lack of sufficient light treatment, of antiseptics, and inadequate drug sanitizing methods, yet we find with apparent indifference and little concern an annual loss of millions of dollars, and thousands of precious lives, which could largely be overcome through the exercise of certain preventive measures and care.

It is the duty of every Canadian to be in full sympathy with the important subject of immigration and Canada's need for a larger population. That series of articles was introduced by an argument for the creation of conditions which would enable people already in the country to make a better living, and thus attract others to come here. This is the way to have because it surely is realized that our own people are preferable to incoming and untrained immigrants.

It is even more important that, to that full extent of our power, we should help to bring the best of Canada to the children born in this country—our native born.

Yet Saskatchewan alone lost through deaths in 1921 more than 2,000 citizens under the age of 20 years, and of this number, 1,000 were under one year of age. This is the sort of every-day death in Saskatchewan which is a body less than seven days old. Neither an wise Provost nor any intended that such things should be, and such figures should impress the mind of every Canadian, and especially those who will save to the children born in this country—our native born.

Those who are most interested in the welfare of the people of Saskatchewan should be deeply concerned over the fact that, while there is a great deal of suffering in the world, the bulk of which is directly caused through disease.

Ancient African Mine

Discovery in the Transvaal of Archaeological Interest

A discovery of considerable archaeological interest has been made in the Transvaal, South Africa, near the Beaufort West district.

A prospector has uncovered a mine which is apparently a remnant of an ancient civilization, and a quantity of silver which is being submitted to expert examination. Nearly old world date, the metal is found in a form containing a white metal, thought to be platinum or molybdenum. Mining engineers have left for the scene to do the examining.

Some men go about searching for temples to yield to.

China and Sumatra are practically immune from appendicitis.

"Cascarets" 10c

Best Bowel Laxative What a Blister, Constituted.

To clean out your bowels without cramping or straining, take Cascarets. It is a bowel laxative, safe, non-stimulating, non-irritating. It contains a white metal, thought to be platinum or molybdenum. Mining engineers have left for the scene to do the examining.

An Important Ruling

May Money Be Recovered If Wrong Person Paid

A question of importance to banks has been decided in the Court of Appeal, Montreal.

It concerned a debt to a person believing him to be the creditor of the debt, he who is entitled to sue against the person receiving the payment.

On this principle an appeal by the Bank of Montreal to recover a sum paid to Mr. Stevenson, when the actual creditor was the trustee of the estate of the late Hon. Wilfrid Provencher, was made.

Sadly, the court ruled that the sum paid to Stevenson was recoverable.

Encourage home talent. That applies to Gleichen folks and we should sit up and pay more attention to their talents. There is a lot of home talent going to wasted in the town and district for want of encouragement and a little display of real appreciation would materially assist to bring it too the front. We do not mean the brass band and torchlight procession variety. Just a kind word or look will often do more to brace a boy or girl, or a man or woman than all the loud-sounding up roar which too often may be taken as derision. At several of the local entertainments recently as good as he can find, quite equal to many of the professional entertainers who have visited this town, and a great deal better than the majority of the travelling shows. All that required to bring out this local talent is more genuine encouragement. Few realize the great amount of time required of musicians and others in practice for the various entertainments, often to their great inconvenience—all to help along the various worthy causes. Yet encourage home talent for own benefit and that of everyone else.

The editor does not want anyone to send him any more copies of this paper in which you find mistakes. If he finds that his paper is perfect, he will give a big price to it. If the fool cu-je who hunts for mistakes in the newspapers would find them all, he would be kept busy. We will be pleased to buy copies of any paper which can be proven entirely free from errors, either typographically or in statements of fact. We will be pleased to find a merchant who has never made a mistake in putting up an order; a lawyer who never lost a case through his own errors; a doctor who never wrote a prescription which made mistakes; a post office official who never put mail in wrong boxes; a woman who never forgot to put in the salt while cooking or to put tea in the teapot before putting in the water. Bring on some of your mistakeless paragons who find it so easy to write criticize the newspaper, and we will give them the chance of their lives to find out whether they are really human.

Don't call the children kids. A kid is a goat, and while goats are all right in their way, children are better, especially if it is a kid. It degrades a child. There is no sense in taking away the dignity of a child by calling him an animal. We must keep up the human relation, where respect, sympathy, love dwell. The older people may overlook the false appellation, but it stays with the child and makes him feel, after all, he is only a goat, and that his fond delight is in eating old rags and paper boxes. Really, the child rather than a goat, is entitled to consideration the belong to the human race; and if he does not grow there is only one way he will be a sort of goat all his life. So drop the kid vocabulary and give the child every chance to be a true human being.

In personal intercourse the gentleman, "sedulously attends, pointedly asks, camely speaks, cooys answers and ceases when he has no more to say," remarks one writer. He makes few apologies, knowing that many are futile. He is sparing in the use of criticism, satire and ridicule; but he occurs frequently with trenching, cander. His talk consists of facts and opinions, the form of expression which it expresses, but is his own specialty aims not to make the truth offensive by excess of force. In argument he strives not more to convince the intellect than to win the heart, knowing too well the value of a friend to sacrifice one for a triumph in debate. He is hampered by few aversions, by rare resentments and by no jealousies.

The true test to success in business is not profits, but economy. Profits often come from good fortune or favorable period of influence. A business must be built solely on the profit sheet of account and must not start good business to be steady and sure, must be erected on the solid rock of economy. The merchant, manufacturer, jobber and business man know that losses are bound to come, and in times of prosperity should provide for these losses, as the law of average is bound to overtake him.

The "Buy at Home" Pledge

Because the town which is good enough for me to live in is good enough for me to buy in.

Because the man I buy from in my town helps to support new school, my church, my lodge and my home.

Because every dollar I spend at home stays at home and makes more money in my community.

Because when ill-luck comes, or misfortune, or even reverse overtakes me, the man I buy from in my town is here to help me out, greeting my words of cheer and sympathy, and his pocketbook if necessary.

Here is my pledge:

I live here and here I buy; I believe in my own town to buy at home.

I believe in my town; I believe in the goods sold in my town, and I buy them:

Because I get more and better values.

Because I want to see the goods.

Because I get what I buy when I buy it.

Because if I lose my goods here I ought to buy here.

Because every dollar I spend here gives me another cent at that dollar store.

Because my home dealer carries me when I run short and out of town dealers will not.

Here and There

Liverpool—Atlantic Liners are finding there is a run on the ship's stores, and the supplies are distributed amongst the Canadian Pacific liners alone, and reading on the part of the Canadian Pacific, in addition, bookstalls with all the latest publications have been installed on all the Canadian Pacific passenger steamers.

London, Ont.—John Anderson, who was born in Gleichen, has retired on pension. Mr. Anderson served the service of the Canadian Pacific Railway during the Canadian Pacific's days of creation. He was promoted to divisional manager on May 14, 1881, was promoted to chief engineer in 1884 and promoted to passenger controller in 1891, when he retired.

Toronto—Remarkably quiet time was made by a special train to Banff recently. Carrying a large number of tourists, the train left the Canadian Pacific station at 10:37 a.m., and arrived at Banff at 12:45 p.m., having covered the distance of 338 miles in 6 hours and 48 minutes.

Banff.—Probably more world famous men have played on the golf courses of the Canadian Rockies than on any other single golf course in the world. The golf course at Banff stands high up among the peaks of the Canadian Rockies, and is one of the most scenic beauty and has been called "The Golf Course in the Clouds." The golfers from all over the world make it certain that he sees the most beautiful golf course in the world. The golf course at Banff is a fine one, and plays golf at all hours of the day. The golf course is 18 holes with a round or two of golf that can be played in a day.

To tell off a list of the world famous golfers who have played at Banff is to read a list of "Who's Who" in golf.

The Canadian National Park Branch of the Department of the Interior has been very active in having played over the golf course in the Canadian Parks during the season recently. The park authorities are promoting visitors from nearly every country in the world to play golf at the golf course at Banff.

Those who golfed at Banff were Sir George Grey, Governor-General of Canada; Mr. George F. Steiner, Minister of the United States; Sir Lionel Gullett, Governor-General of Australia; Senator Danas Sanberg, of Holland; Premier Greenway of Alberta; Mr. W. G. Wood, of Victoria; Boy Scout Representative of England.

Crasbrook, B.C.—Children, mere infants, should be warned to keep clear of railway tracks, particularly at this season when the snow is melting. The snow is deep and a slip of the feet may easily occur. Parents and grandparents should advise their offspring about their play around the Canadian Pacific Railway tracks. A serious accident could easily occur if a child were to fall on the tracks. The author had the following editorial comment:

The accident on the railway track last week was not unexpected by those who are interested in the welfare of the school children who so constantly play around the tracks. The author was not a scholar and it was perhaps not expected that he would nevertheless the boys and girls should be taught to keep clear of railway tracks. Parents and teachers should continually impress upon the young the importance of safety in playing around the tracks. Time after time the author has seen children playing around the tracks, regardless of the way but back they come again. This is the dastardly first step in the path of destruction. Teachers should be most emphatic in their warning to the young that it is only one way for them to be safe and that is to keep away from it.

W. Strack's Gleichen Grocereria

GLEICHEN,

ALBERTA

TOWN AND DISTRICT

Mr. and Mrs. John Christensen are happy in the arrival of a fine baby boy at their home on Wednesday, January 24th.

The Ladies Circle of the United Church will hold a sale of home cooking on Saturday, Feb. 10th, at 3 p.m. in F. K. McRae's hall.

The Purcell Cup is still in the hands of the Scots at Banff, despite two efforts of Gleichen efforts to bring it home. In the first, the boys lost by one point in the first attempt and by five in the last. Keep agoin' fellows.

Orland T. Lyons is now in charge of the Gleichen Jewelry Co., vice G. H. Guzwell, who has left for Drumheller, Alberta. Orland is a man who recently came from air force with a prominent Calgary firm, who recommend him very highly. His many friends will be pleased to see him succeed and will do what they can to help him. Let us all encourage him in every way possible.

On a recent Friday, a member of the Gleichen Oddfellows went to Calgary on the afternoon train and visited Alberta Lodge No. 1. I. O. O. F. The chief purpose was to see the third annual meeting on our own home ground here by the Alberta Lodge No. 1 deer team. The members came back very much impressed with the efficiency shown by the Calgary team, and along with the very friendly and finely furnished Oddfellows temple.

The Ladies Circle of the United Church will meet Feb. 8th at 3 p.m. at the home of Mrs. Gooderham.

W.L. WHIST DRIVE FRIDAY EVE

On Friday next, Feb. 2nd, the Gleichen Women's Institute ladies intend giving a "whist drive" in the G.W.V.A. Hall and they will supply a real nice meal. They are in the belief there will be able to get a good number of ladies in need of money to "carry on". The fact is the Institute has given so generously to various worthy causes that they have probably more than enough bank balance, and want to have a reasonable amount on hand whenever called upon for aid, and already they are aware of cases that may require their services.

Attend this whilst drive to enjoy a good time and a good supper, knowing at the same time you will be aiding others.

HIGH CONCERT AT ARBROOW

The Y.P.C.W. Society of Bow Valley Church have been very fortunate in secure such rare talent as the Hayden Male Quartette will render a concert at the Arbroath Community School on Friday, Feb. 9th, at 8 p.m.

The reputation of this famous Quartette is well known throughout all Southern Alberta, as all those who have heard speak for them selves. No one can afford to miss this unusual concert.

OPERA HOUSE NEWS

"Is Matrimony a Failure?" Better make real sure and go to the Opera House next Saturday night and make your own mind. You single people, perhaps have ideas, well, let me tell you, you are all correct or not. This famous play is to be shown on the screen next Saturday night, February 10th.

A farce of which the plot is that makes a batch of brand new records for grim comedy known as the running broad grin. It plays absolutely true to life, depicts on cartridge and tells why husbands leave their wives and why they come back!

Also a very lovely comedy which turned a few heads down town. So be sure to be there and catch the show for the jazzy smile producing picture ever shown here before that the "Bachelor Daddy," "Rebel Rascals," etc., etc., take notice.

Coming to the Opera House next month is Thomas Meighan in his surprise production of "Matrimonial," pictures which will be shown in Gleichen. Some critics write about it as the greatest picture released in the year just ended. Watch for the date.

RADIOS!

Someone said the Radio craze would dwindle with the years,
That all the broadcasting and stunts would go—but it appears

As though this prophet bold were wrong—the craze is far from gone.

Radio is a "through train", folks, and everybody's on.
